

International Paediatric Pathology Association

42ND IPPA COURSE

7th – 13th May 2022

Hotel Zuiderduin

Egmond aan Zee - The Netherlands

COURSE DIRECTOR

Peter Karl Bode

LOCAL ORGANIZERS

Marijn Scheijde-Vermeulen & Peter Nikkels

RESIDENT TUTOR

Bruce Pawel

TECHNOLOGY DIRECTOR

Jennifer Black

TUTORS

Marie-Anne Brundler, Canada

Gitta Turowski, Norway

Elisabeth Rushing, Switzerland

LOCAL SPEAKERS

Peter Nikkels

Ronald de Krijger

Roos Leguit

Lennart Kester

Leendert Looijenga

OPENING LECTURE

Dr. Jeroen van Berckel Smit

Educational needs

The 42nd Advanced Course in Paediatric Pathology, Organised by the International Paediatric Pathology Association is intended as an on-going resource to meet the educational needs of paediatric pathologists, perinatal pathologists, general pathologists whose practice includes paediatric pathology and pathology specialists trainees.

Educational Objectives

To provide an overview on practical aspects of paediatric and perinatal histopathology.

To provide an up-date on: placental reporting, placental maturation, abortion diagnostics, developmental anomalies, cardiomyopathies and cardiac development, solid organ transplantation pathology, pediatric brain tumors, pediatric lymphomas, germ cell tumors, soft tissue/mesenchymal tumors and dermatopathology. The course will also focus on the molecular background of pediatric tumors

The XLII Advanced course has been accredited by the European Accreditation Council Continuing Medical Education (EACCME) with 31 credits.

The International Paediatric Pathology Association 42nd Advanced Course in Paediatric Pathology is grateful to the following organisations that supported this course and provided scholarships:

Society of Paediatric Pathology
Paediatric Pathology Society
International Paediatric Pathology Association

Saturday 7th May

- | | |
|-------|---|
| 17.00 | Registration and tea |
| 19.00 | Dinner |
| 20.00 | Opening
Peter K. Bode |
| 20.30 | Opening Lecture
Dr. Jeroen van Berckel Smit |

Sunday 8th May

CHAIR: Peter K. Bode

8.30 – 9.30 LECTURE 1
Instructive cases in pediatric surgical pathology: a potpourri
Bruce Pawel

9.30 – 10.30 LECTURE 2
Placental maturation and maturation disorders - clinical impact?
Gitta Turowski

10.30 – 11.00 Coffee Break

11.00 – 12.00 LECTURE 3
Fibroblastic, myofibroblastic and fibro-osseous lesions
– an overview part I
Marie-Anne Brundler

12.00 – 13.00 LECTURE 4
Pediatric brain tumors - Embryonal Tumors
Elisabeth Rushing

13.00 Lunch

42ND IPPA COURSE

14.00 Afternoon Tour and Group Foto*

19.00 Dinner

CHAIR: Marijn Scheijde-Vermeulen

20.00 – 21.00 LECTURE 5
The molecular landscape of rhabdomyosarcoma
Jennifer Black

21.00 – 22.00 LECTURE 6
Participant's Slide Seminar I

*Lecture and photography workshop by Jeroen Swolfs in Egmond aan Zee

Jeroen Swolfs is a famous Dutch photographer that travelled for 7 years to all the countries of the world to photograph what we share as human beings. His project Streets of the World became one of the biggest photo projects in the world. Jeroen will take us on an inspiring trip around the world but also teach us all we need to know to become smartphone photography-pro's! After his lecture you will explore the beautiful area of Egmond looking for your perfect shot after which Jeroen will present the day's best work and choose our winner!

<https://www.streetsoftheworld.com/en>

42ND IPPA COURSE

Monday 9th May

CHAIR: Bruce Pawel

8.30 – 9.30 LECTURE 7
Placental findings in IUFD
Gitta Turowski

9.30 – 10.30 LECTURE 8
Fibroblastic, myofibroblastic and fibro-osseous lesions
– an overview part II
Marie-Anne Brundler

10.30 – 11.00 Coffee Break

11.00 – 12.00 LECTURE 9
Pediatric brain tumors
- Low and high grade gliomas
Elisabeth Rushing

12.00 – 13.00 LECTURE 10
Molecular update in pediatric tumors
Jennifer Black

13.00 Lunch

14.00 Afternoon Tour*

19.00 Dinner

CHAIR: Jennifer Black

20.00 – 21.00 LECTURE 11
NTRK rearranged tumors
Bruce Pawel

21.00 – 22.00 LECTURE 12
Participant's slide seminar

*Windmills, cheese and clogs

A touring bus will bring us to the “Zaanse Schans” where we will get a guided tour learning all about this part of Holland and old Dutch crafts.

The Zaanse Schans is a residential area in which the 18th and 19th centuries are brought to life. Despite the fact that visitors from all over the world visit this neighborhood every day, it is good to know that people still live here. We can visit the bakery museum or take a look at the warehouse where clogs are made.

There is also a cheese museum and various windmills. The Zaanse Schans is a unique part of the Netherlands, full of wooden houses, mills, barns and workshops.

Tuesday 10th May

CHAIR: Gitta Turowski

8.30 – 9.30 LECTURE 13
Participant's Slide Seminar III

9.30 – 10.30 LECTURE 14
Germ Cell Tumors in a broader perspective
Leendert Looijenga

10.30 – 11.00 Coffee Break

11.00 – 12.00 LECTURE 15
Pediatric Brain Tumors - Choroid Plexus Tumors
Elisabeth Rushing

12.00 – 13.00 LECTURE 16
Solid organ transplantation pathology in children
Bruce Pawel

13.00 Lunch

Afternoon free for personal study

19.00 Dinner

CHAIR: Peter K. Bode

20.00 – 21.00 LECTURE 17
Placental reporting
Gitta Turowski

21.00 – 22.00 LECTURE 18
Participant's Slide Seminar IV

Wednesday 11th May

CHAIR: Peter Nikkels

8.30 – 9.30 LECTURE 19

Dermatopathology – Lumps, bumps and stains
Marie-Anne Brundler

9.30 – 10.30 LECTURE 20

Pediatric Brain Tumors - Ependymomas and Pineal Tumors
Elisabeth Rushing

10.30 – 11.00 Coffee Break

11.00 – 12.00 LECTURE 21

Modern molecular pathology for pediatric oncology
Lennart Kester

12.00 – 13.00 LECTURE 22

Pediatric lymphoma's and molecular lymphoma diagnostics
Roos Leguit and Lennart Kester

13.00 Lunch

42ND IPPA COURSE

14.00 Afternoon Tour*

19.00 Dinner

CHAIR: Elisabeth Rushing

20.00 – 21.00 LECTURE 24
Looking back – Lessons learned
Marie-Anne Brundler

21.00 – 22.30 LECTURE 25
The Quiz
Jennifer Black

Enjoy the canals in Alkmaar*

Alkmaar is a city located in the province of North Holland. It is well known for its traditional cheese market (friday mornings) and also known as the “cheese city”. The city has a population of 109,896 as of 2021.

In Alkmaar we will discover this beautiful city from the canals on a boat. After a 45 min tour you can further explore this city on your own. A map with all must-sees will be given, but you can also enjoy the cafe's or shops.

Thursday 12th May

CHAIR: Marie-Anne Brundler

8.30 – 9.30

LECTURE 26

"What an interesting diagnosis of a mesenchymal tumor!
But does this child have an underlying syndrome?"

Bruce Pawel

9.30 – 10.30

LECTURE 27

Cardiomyopathies and cardiac development
Peter Nikkels

10.30 – 11.00

Coffee Break

11.00 – 12.00

LECTURE 28

Abortion diagnostics – do we know enough
Gitta Turowski

12.00 – 13.00

LECTURE 39

Renal Tumors
Ronald de Krijger

13.00

Lunch

Afternoon - free for personal study

19.00

Course Dinner - Nautilus aan Zee

Friday 13th May

CHAIR: Ronald de Krijger

9.00 – 10.00 LECTURE 30
Puzzling Autopsy Cases
Peter Nikkels

10.00 – 11.00 LECTURE 31
Pathology of adrenal tumors in children
Ronald de Krijger

11.00 – 11.30 Coffee Break

11.30 – 12.30 LECTURE 32
Developmental anomalies and underlying genetic concepts
Marie-Anne Brundler

13.00 Lunch and Depart
Egmond aan Zee
